Two-Piano Recital on  
January 27

Edwin and Jewel Bethany Hughes, brilliant concert pianists, will give a two-piano recital as a number of the Artist Course Series in Main Auditorium, Monday night, January 27, at eight o'clock.

Mr. Hughes, who is noted both as a pianist and teacher, has conducted Summer Master Classes for pianists and teachers at Winthrop Summer School for the past several years. Hughes studied with Rafael Joseffy in New York. He later went to Vienna, where he became the assistant and friend of Theodor Leschetzky, one of the greatest piano masters of all times. His period of work with Leschetzky was followed by four years of concert engagements in important musical centers of Europe for appearances in recital and as soloist with famous orchestras.

Mr. Hughes is one of the few American artists whose names have been placed in such European musical encyclopedias as Riemann's Musical Lexicon (Leipzig), Neues Musiklexikon (Berlin), Illustriertes Musiklexikon (Stuttgart), and Dictionary of Modern Music and Musicians (London). He has written numerous articles on musical subjects, and he was formerly editor-in-chief of piano music for C. Schirmer.

Jewel Bethany Hughes before her marriage was a prominent Texas teacher of piano. In 1920 she went to New York to study under Edwin Hughes whom she later married.

Edwin and Jewel Bethany Hughes are the only duo-pianists in the States who have written originally for two performers, or set for this combination by the composers themselves. They have the distinction of being selected to give the first White House Musicales under the present administration.

## "Uptown New York" and Old Man Rhythm, Pre-Exam Encouragement

Packed with romance, good comedy, and a highly dramatic climax, "Uptown New York," story by Vina Delmar, author of "Red Girl," presents an entirely new angle of the age-old question of whether or not a girl should become the transgressor and make a break with her past life to her husband.

It stars Jack Oakie, with Shirley Grey and Leon Woychik playing leading roles. Woychik, a Jewish doctor is in love with Miss Grey, but does not dare marry outside the fold of his own race. Oakie, dumb as a brick, but smart about his old, gas-machine business finally makes up to the fact that the girl means everything to him and she's in love with Woychik.

## AMELIA EARHART SPEAKS AT COLLEGE

America's Foremost Woman  
Flyer Discusses Trans-Pacific Flight

STRESSES AIR SAFETY  
Declares Women Well Fitted For Profession of Aviation

Amelia Earhart, aviator, author, designer, and social worker, spoke on "Aviation—Discovery" at Winthrop College in the fourth Annual Course of the season Thursday, January 16, at 8 o'clock.

Mrs. Earhart talked particularly about her Pacific flight and the preparations she made for the trip; she touched incidentally, however, on the safety of civilian air travel, the position of women in the modern world, and the reason she makes her perilous flights.

Introduced by Dr. James P. Kinard as "the first woman to lift her wings and fly like a bird over the ocean," Amelia Earhart nevertheless began her talk by saying that she had been mistaken for everyone "from Mrs. Mabel Willebrandt to Colonel Lindbergh's mother." She explained her statement by recounting several "true stories" as she termed them, of mistaken identity, including the occasion when she was accused of being Mrs. Roosevelt and, again, Grace Allen.

The famous aviator said that the question she was asked most often was "Why do you do such things as the Atlantic and Pacific flights?" Dismissing lightly explanations that have been brought forth, such as an attempt to save her old homestead and boredom with her husband, Mrs. Earhart said, "There is no reason for making the flights except my wish to do so." She added that she makes no effort to add in scientific advancement aside from the incidental advancement general flying brings about. She further remarked in answer to the "whys" "Women should try for goals outside of what is traditionally known as 'their sphere.'"

In speaking of the planning for her Pacific flight, Mrs. Earhart said, "I've always contended that two-thirds of the success of any expedition is in the preparation." She maintained that all worrying should be done two months before the expedition. If, after consideration, (Continued on Page Two)

## CANTOR ANNOUNCES SCHOLARSHIP CONTEST

Comedian Will Award \$5,000 for Best Essay; No Entrance Requirements

Eddie Cantor will award a four-year scholarship and complete maintenance at any American college or university to the person who writes, in the opinion of a distinguished board of judges, the best letter on the subject: "How Can America Stay Out of War?" Cantor has set aside a fund of \$5,000 for this purpose.

The plan was made public by the stage, screen, and radio comedian Sunday, January 5, at the conclusion of his regular Sunday evening broadcast over stations of the Columbia Broadcasting System.

The subject of the competition was suggested by Newton D. Baker, former Secretary of War, with whom Cantor had discussed his proposal.

The judging body comprises four noted American educators—each the president of a prominent educational institution. They are Robert M. Hutchins, of the University of Chicago; Frederick Bertrand Robinson, College of the City of New York; Ray Lyman Wilbur, of Johns Hopkins University; and Henry Noble MacCracken, of Vassar College. All have heartily endorsed this project in the interests of peace and education. Their decision will be final.

The Eddie Cantor scholarship competition has no commercial stimulation whatever. It is entirely a personal matter with him. There are no restrictions or conditions—any man, woman and child is eligible to participate. However in the event that the winning letter is from an individual unable to avail himself or herself of a college course, then he or she must designate another to be the recipient of the award. The choice of school and the time of attendance is optional. The letter is not to be over 500 words.

As soon as the best letter is determined by the judges, Cantor will deposit in the winner's local bank the sum of \$5,000, which can be used only for the specific purpose of a college career. From this amount, an adequate allowance will be provided for the student to pay his entire tuition and living expenses during the four-year term. The latter will receive the secured interest on the money.

In speaking of this national scholarship competition, Cantor said: "There are absolutely no strings attached to this offer. No one has to tear off the top of a carton of any kind, nor send in stamps, nor solve a crossword puzzle. All one has to do is sit down and write a straightforward letter on 'How Can America Stay Out of War?' I never was fortunate enough to have had a college education myself—but I want to provide one for some American boy or girl. Like most people in this country, I'm a rabid peace advocate. I'm certain that the winning letter will be one worthy to bring before millions of Americans as another link in the strong chain of peace. I'm very grateful to Mr. Newton D. Baker for so kindly suggesting the title."

The competition will close Saturday, February 22nd. The judges' award will be announced by Cantor on Sunday, April 9th. All letters are to be addressed to Eddie Cantor, General Post-office, Box 90, New York City.

## "She" And "Hooray For Love" Will Afford Post-Exam Solace

Adventurous... Spectacular... Weird... Mystical... Fascinating—"She" (RKO Radio), a star picture, is an adaptation of Sir H. Rider Haggard's fantastic story of the mythical Kingdom of Kôr; She, the ever-young queen, and the search for the fabled life.

Randolph Scott plays the part of a young English scientist sent off by his dying uncle in quest of the secret of immortality. The uncle bequeathed him a legend which tells of an ancestor, to whom Scott bears a strong resemblance, who found the place, died there, and whose wife returned alone, her servants having been killed by a great beast.

Accompanied by Helen Mack and Nigel Bruce, Scott travels beyond the Arctic and succeeds in discovering the Kingdom of Kôr, whose magnificent queen, portrayed by Helen Gahagan, apparently possesses the secret for which they have been seeking. Romance comes to She when Scott appears to her to be a reincarnation of a man whom she killed 500 years before.

Following an unsuccessful attempt to practice medicine in South Carolina, Dr. Sims went to Alabama. There on the frontier among the Indians he took up his practice. Some months later, however, Dr. Sims developed malaria and was compelled to go to Montgomery.

Dr. Moore next pointed out that it was at Montgomery that Dr. Sims discovered his famous medical instruments which are used today. After leaving Alabama Dr. Sims settled in New York and there established Walter Reed Hospital, the Great Woman's Hospital.

## COLLEGE MEN'S IDEALS DISCLOSED BY VOGUE

Northerners Prefer Smooth and Sophisticated Girls, Southerners Like Ruffles

Vogue has done the almost impossible, they've discovered the clothes that college men like their girls to wear. If you go out with a Yale man, this is what you wear: "black, low-cut back, tight at the hips, low-cut neck." But Virginia men like their girls coy, fluffy and smothered in tulle. Their ideal dress is "white, pink or blue, with fluffy collar." And that goes for all men's colleges south of the Mason-Dixon line, they prefer something "soft" and "feminine" with "not too much neck showing." Anywhere else you're safest in a "plain dark fabric," often high in front, but very low in back, and "showing the figure or even front fitting."

This is the final rating on Vogue's question "What in order of their importance the qualities you like in a girl": (1) "salty," (2) sex appeal, (3) sweetness, (4) distinction, (5) style, (6) beauty, (7) sweetness.

As for women's daytime clothes, the unanimous male preference is sport clothes. They like sweaters and skirts sport clothes "with a dash," tweeds, ankle socks, and sport shoes; suits but not severe ones.

Their pet aversion seems to be bright red and polka dots. "Comments ranged all the way from 'too pet girly' to 'shameless prudishness.'"

About 75 per cent. of the men do not like low heeled sandals. The years were rather apologetic about it, added in parentheses: "Yes, I'm short."

The general criticism that boys have to make is that of overdressing. They want simplicity with all the extras eliminated.

And here are a few of the comments made by our new fashion detectors: "Girls buy many cheap dull dresses instead of one or two really tremendous ones." (Williams.)

"I like variety. What's the sense of going with a girl who never surprises?" (Id. of California.)

"Girls should look feminine, have plenty of feminine stuff; high heels, perfume, etc. Dress isn't meant to be a criterion of a lady's intellect. (Yale) Purdue prefers to think of a girl as something remotely lovely and intriguing—not as a rational animal."—Sweetbriar News.

## Series Of Volumes Presented Library

"Elifolia," a three volume work, has been donated by its author, Col. William C. Harlee, to the Winthrop College Library with the inscription: "Presented to Winthrop College Library by the author in token of his affection for his beloved Kiawmwan, Mrs. Elizabeth (Cade) McRoy, a collaborator in the preparation of 'Elifolia' in recognition of her devotion to Winthrop College."

Mrs. McRoy resides at 503 Park Avenue. She collaborated extensively with Col. Harlee in the preparation of the parts of "Elifolia" pertaining to the Cade and connected families.

The New Orleans States thus describes the author: "A monumental and extraordinary work... as meticulously accurate as a Marine muster roll, the data documented like a Judge Advocate's report. It is the greatest contribution to the recorded genealogy of the folks who were, and are, the backbone of the South that has ever been compiled. ... It is the work of many collaborators, some of whom have spent a lifetime collecting the information they have contributed to the book. ... Though 'Elifolia' is written with the sober restraint of an auditor's report, it teems with drama, throbs with pathos, thrills with tense movements. ... It gives from vitally genuine source (several one of the most superb pictures yet put into words of the true American South."
